

Obtain a Certificate for a school

Obtaining a Certificate for your School

Sectigo Certificate Manager

How to: Request a Certificate for your School

Local authorities and Regional Broadband Consortia in England, Wales and Scotland, can request SSL Server Certificates on behalf of schools, including .sch.uk and other domain names, through the online Sectigo Certificate Manager Portal.

If you have any questions regarding obtaining a certificate for your school, please speak to your relationship manager or contact the service desk at certificates@jisc.ac.uk ^[1].
