What is your Janet IP address range or CIDR block*1?

*For authentication purposes the DNS Admin portal requires the initial access to be made from an IPv4 address or IPv4 address range from within your Janet allocated IP address block (*2).*

1. *Please provide an IPv4 address or range from your Janet allocated IPv4 address block, no larger than a /24, from which your initial access will be made.*
2. *If additional IPv4 addresses or IPv4 address ranges are required to access your DNS Admin portal, please list up to a maximum of three additional IPv4 addresses or IPv4 address ranges.*

Domain(s) to be published by the Janet nameserver

Enter domain(s) to be published by the Janet nameserver. Followed by one of the options below for each domain (e.g example.ac.uk – 1)

1. *this domain is already using a Janet network secondary nameserver*
2. *allow Janet to transfer the DNS zone file from one of the present nameservers for this domain*
3. *can provide a valid zone file that can be read directly by a BIND nameserver*
4. *cannot provide information by any of the above methods, you will need to enter resource records via the web portal*
5. *do not know the answer to the above and require more advice*

Note: by using this service you agree to the terms and conditions stated in Janet Primary Nameserver Service section 2.4 'Conditions of use', for any activities related to the service.

*1 Where CIDR stands for Classless Inter-Domain Routing.
